

### Industry Recognition for Supply Chain Prowess

## **EPG Recognized as a Challenger in 2024 Gartner® Magic Quadrant™ for WMS**

**EPG, a global provider of supply chain execution and warehouse management solutions, is a Challenger in the 2024 Gartner® Magic Quadrant™ for Warehouse Management Systems (WMS). This marks the third consecutive year that EPG has been recognized as a Challenger.**

Over the past three years, EPG has continuously refined its software solutions, including our Warehouse Management System (LFS), by enhancing automation and expanding capabilities. As the market evolves, our tools evolve in tandem, matching the demands of modern operations.

Through strategic product development and acquisitions, EPG offers a comprehensive Supply Chain Execution suite, EPG® ONE™, with advanced WMS abilities. These include LYDIA Voice Solutions, Greenplan Route Planning and Execution, extended Workforce Management, Contract and Billing Management, and deep expertise in managing highly complex and automated Level 5 warehouses environments. Such capabilities bolster the value proposition of EPG's solutions, providing customers with a holistic approach to warehouse management and logistics optimization for the years to come.

"We are honored to be recognized by Gartner as a Challenger in the 2024 Magic Quadrant™ for WMS, and we remain committed to outfitting our customers with solutions that not only meet but anticipate their needs for optimized warehouse performance," said Dennis Kunz, Chief Marketing Officer of EPG. "As we look to the future, we are excited about the opportunities that lie ahead and the successes in store."
