

EPG Recognized as a Challenger in 2026 Gartner® Magic Quadrant™ for WMS

Industry Recognition for Supply Chain Prowess

Northlake, Texas (May 4, 2026) EPG (Ehrhardt Partner Group), a global leader in unified supply chain execution and warehouse management technology, announced today it has been named a Challenger in the Gartner® Magic Quadrant™ for Warehouse Management Systems (WMS). This is the fifth consecutive recognition for EPG as a Challenger, acknowledged for its Ability to Execute and Completeness of Vision.

“We believe EPG’s recognition in the 2026 Gartner® Magic Quadrant™ for WMS reflects our ongoing dedication to product innovation and global customer growth,” states Marco Ehrhardt, Chairman of EPG. “We are continuously innovating our supply chain execution suite. As the market evolves, EPG’s solutions evolve in tandem, ensuring our customers are equipped to optimize performance and increasingly integrate AI-driven insights and intelligent automation.”

EPG’s supply chain execution suite [EPG ONE](#) offers global brands an end-to-end solution spanning advanced warehouse management, warehouse control, voice solutions, intelligent route planning, workforce management, contract and billing management, and a robust supply chain control tower. Enhanced by [EPG AURA](#), these systems are connected through an intelligent layer that offers actionable insights and supports faster, smarter decisions.

As consumer expectations and logistics complexity continue to rise, effective supply chain technology has never been more critical. EPG’s WMS solution empowers global organizations to optimize operations at every level of complexity and scale. Across diverse industries, EPG delivers robust software to maximize performance, exceed end consumer demands, and integrate AI-supported visibility, orchestration, and adaptive decision support.
