

Jett Chitanand, President of EPG Americas, Named 2026 Pro to Know by Supply & Demand Chain Executive

This award recognizes outstanding executives whose accomplishments offer a roadmap for other leaders looking to leverage supply chain for competitive advantage.

Northlake, Texas (March 17, 2026) [Ehrhardt Partner Group \(EPG\)](#), a global leader in unified supply chain execution and warehouse management technology, today announced that Supply & Demand Chain Executive, the only publication covering the entire global supply chain, named Jett Chitanand, President of EPG Americas, as a winner of this year's Pros to Know award in the Leaders in Excellence category.

The annual Pros to Know award recognizes outstanding executives whose accomplishments offer a roadmap for other leaders navigating today's increasingly complex global supply chains. The Leaders in Excellence category honors senior leaders who demonstrate strategic vision, measurable impact, and the ability to drive meaningful industry progress.

"When it comes to overcoming supply chain disruption, this year's pack of supply chain leaders left no stone unturned," says Marina Mayer, editor-in-chief of Food Logistics and Supply & Demand Chain Executive and co-founder of the Women in Supply Chain Forum. "From AI implementation and warehouse automation to last-mile accuracy and returns management, they innovated, developed and executed on all cylinders, providing solutions, technologies and processes that move product from Point A to Point B in a way that almost seem seamless. And every year, I am honored to celebrate these supply chain professionals."

With nearly 20 years of experience in supply chain and logistics technology, Jett has built a career helping organizations address persistent and interconnected challenges including labor shortages, fulfillment volatility, fragmented systems, and rising cost pressures. As President of EPG Americas, Jett concentrates on turning strategy into measurable operational gains for customers. He works to ensure each initiative is aligned with specific goals, from increasing productivity to strengthening service performance and delivering faster financial returns.

Under Jett's leadership, organizations across industries including food and beverage, global retail, third-party logistics, manufacturing, automotive, and more, are achieving measurable operational gains through [EPG's supply chain execution](#) and [voice picking solutions](#). Warehouse productivity has increased, order accuracy has approached near-perfect levels, and visibility across complex distribution networks has strengthened, even during peak demand. By aligning technology strategy with real-world execution requirements, organizations have reduced labor inefficiencies, streamlined processes, and built more resilient operations capable of scaling with growth and volatility.
