

EPG – EHRHARDT PARTNER GROUP

Smarter Connected Logistics™

Ehrhardt Partner Group (EPG) is a global leader of unified supply chain execution technology, supporting global brands for over 35 years with smarter connected logistics. Over 1,600 organizations around the world put their trust in EPG and its suite of solutions to optimize complex logistics processes from manual to fully automated warehouse environments. EPG ONE™ unified supply chain software centralizes WMS, WCS, WFM, voice solutions, multi-

carrier global shipping execution, intelligent route optimization, dock management, contract and billing management, and supply chain control tower, enabling integrated supply chain and logistics management from end-to-end. EPG empowers customers with value-added support—delivering expert logistics consulting, flexible cloud solutions, reliable managed services, and practical, results-driven training through its own logistics academy.

The Human Edge in Logistics

Technology powers our solutions, but it's our people who bring them to life. From consultants to developers, every expert brings deep industry knowledge, dedication, and a passion for delivering real results—turning challenges into opportunities and providing insight, training, and support that make complex operations smarter and more efficient.
